Educations

B.Tech – Computer Science
Poornima University, Jaipur | *2023 – Present*

- CGPA: 8.01 (Cumulative till 2nd Year)

10th & 12th Standard
Subodh Public School, Jaipur | 2023

Work Experience

Intern – Pole Validation (Nokia Project)
VertexPlus Technologies | May 2025 | Jaipur

- Reviewed and corrected AI-marked pole data on Talon AI web platform.
- Ensured data compliance with mapping standards, meeting daily targets.
- Collaborated with team members to improve process efficiency and maintain high data accuracy.

Projects

Music Player Web App (Spotify-Inspired)
HTML, CSS, JavaScript

- Created a clean, responsive music web app with interactive real-time features.
- Integrated AI room to adjust music based on mood and synchronized video-audio playback.

Automated Scrolling Tool
Python, PyAutoGUI

- Built a Python automation tool for smooth, hands-free webpage or app scrolling.
- Ideal for testing, demos, and reading; utilized precise user interaction simulation.

Phone Number Tracker
Python

- Developed a tool to trace mobile/landline numbers with real-time location and service provider data.
- Integrated libraries for basic verification and regional detection.

Task Flow – Task Manager Web App
HTML, CSS, JavaScript

- Built a user-friendly task management tool with CRUD functionalities.
- Focused on responsive design and improving daily productivity.

Email Validator Tool
HTML, CSS, JavaScript

- Developed a real-time email validation tool using regex and DOM manipulation.
- Ensured clean UI and form validation across devices.
